---

A team of 15 students will pay a reciprocal visit to the School Liceo Bertrand Russell ( <http://www.liceorussell.eu/> )in Italy from 10 December to 23 December after their visit to our school in September.

This trip aims to help our students to develop a broader world vision and look at the world from different perspectives by providing students with opportunities to experience Italian dining and living style, education system and historical background. Students also have a chance to discover the unique natural beauty and to see how Italians conserve the environment.
